PROFESSIONAL SUMMARY

Detail-oriented Information Technology Undergraduate (Year 2, Semester 2) at SLIIT. Passionate about software development and system architecture with a strong foundation in Object-Oriented Programming (Java) and Web Technologies. Proven ability to translate complex requirements into functional code through academic projects. Currently seeking a challenging internship to contribute to a professional development team while further honing industry-standard technical skills.

TECHNICAL SKILLS

- **Languages:** Java (Advanced), Python, JavaScript (ES6), SQL
 - **Web Development:** HTML5, CSS3, Bootstrap, Basics of React.js & Node.js
 - **Databases:** MySQL, MongoDB
 - **Tools & Platforms:** Git, GitHub, VS Code, IntelliJ IDEA
 - **Core Concepts:** OOP, Data Structures & Algorithms (DSA), REST APIs, SDLC
-

EDUCATION

BSc (Hons) in Information Technology | 2024 - Present

Sri Lanka Institute of Information Technology (SLIIT)

G.C.E. Advanced Level Examination | 2022/2023

Taxila Central College, Horana

- Engineering Technology: **B**
- Science for Technology: **C**
- Information Technology: **C**

PROJECTS

🎓 Learning Management System (LMS) | Web Application

Java, Spring Boot, React.js, MySQL, HTML, CSS, JavaScript

- Developed a full-stack LMS enabling students to access courses, manage assignments, and track learning resources with secure authentication and RBAC for Admin, Instructor, and Student roles.
- Built responsive frontend interfaces and optimized backend REST APIs with scalable database design for improved performance and user experience.

Joy Ride – Bike Rental & Ride-Sharing Platform | Full-Stack Web Application

Java, Spring Boot, MySQL, HTML, CSS, JavaScript

- Built a full-stack bike-sharing platform with a two-step owner registration system, including secure image uploads and license verification workflow.
- Implemented role-based access control, session management, and complete payment slip upload and admin approval process for transactions.

Golden Palm Hotel Reservation & Booking System | Web Application

Java, Spring Boot, MySQL, HTML, CSS

- Developed a hotel reservation system to manage room bookings, guest profiles, and billing with real-time availability tracking to prevent overbooking.
- Integrated MySQL with Spring Data JPA to ensure efficient CRUD operations and maintain data consistency across the system.

Finance Tracker | Web Application

Python, Flask, MongoDB, HTML, CSS

- Built a finance tracking application to manage income, expenses, budgets, and savings goals with secure authentication and session handling.
- Developed responsive frontend and RESTful backend services for seamless financial data tracking and user interaction.

SOFT SKILLS

- Problem-Solving | Analytical Mindset
- Team Collaboration | Agile Methodology
- Quick Learner | Technical Adaptability
- Time Management | Project Planning
- Effective Communication
